

Proposed Pet Shop (Licensing) (Scotland) Bill

Page 1: Introduction

A proposal for a Bill to improve animal welfare by enhancing local authority pet shop licensing powers and updating the licensing system, including in relation to licence conditions, fees and inspections. The consultation runs from 26 March 2018 to 18 June 2018 All those wishing to respond to the consultation are strongly encouraged to enter their responses electronically through this survey. This makes collation of responses much simpler and quicker. However, the option also exists of sending in a separate response (in hard copy or by other electronic means such as e-mail), and details of how to do so are included in the member's consultation document. Questions marked with an asterisk (*) require an answer All responses must include a name and contact details. Names will only be published if you give us permission, and contact details are never published – but we may use them to contact you if there is a query about your response. If you do not include a name and/or contact details, we may have to disregard your response. Please note that you must complete the survey in order for your response to be accepted. If you don't wish to complete the survey in a single session, you can choose "Save and Continue later" at any point. Whilst you have the option to skip particular questions, you must continue to the end of the survey and press "Submit" to have your response fully recorded. Please ensure you have read the consultation document before responding to any of the questions that follow. In particular, you should read the information contained in the document about how your response will be handled. The consultation document is available here: [Consultation Document](#) [Privacy Notice](#)

Page 8: Aim and approach

Q1. Which of the following best describes your view of the proposal to strengthen the licensing regime for pet shops in Scotland?

Partially supportive

Please explain the reasons for your response.

As a holder of a pet shop license in our opinion the conditions are reasonably balanced and do not place undue responsibilities on pet shop owners. However we object to the wildly inconsistent costs between council areas and would like to see a more reasonable price for West Dunbartonshire Council licensing. Furthermore any attempt to raise prices or overly increase the burden placed on our business could result in our decision to surrender our pet shop license. If this were repeated all across Scotland it would undoubtedly lead to an increase in illegal backyard breeding of all species with undoubted consequences to the detriment of animal welfare. If pet shops are to face a greater burden of scrutiny then it is only fair that backyard breeders are dealt with more seriously, as they are a threat to welfare standards and to genuine, license fee paying businesses. Our hope is that any amendments to pet shop licenses are made on the basis that pet shops are a welcome part of retail which are a part of the animal welfare solution, not the problem.

Q2. Could the aims of the Bill be better delivered in another way (rather than by the means of a Bill in the Scottish Parliament)?

Unsure

Q3. Under the proposal, pet shop licence fees would be based on a recovery of the costs incurred by local authorities in processing applications and inspecting premises to ensure animal welfare standards are maintained. In your view, which of the following should local authorities do?

(b) Charge all pet shops the same basic licence fee, but charge the costs of inspections separately to each pet shop.

Q4. Which of the following best expresses your view of developing statutory licence conditions, building on the current Model conditions for pet vending, that would apply to all pet shops in Scotland?

Partially supportive

Q5. Which of the following best describes your view of banning the sale of puppies and kittens in pet shops?

Fully supportive

Q6. Which of the following best describes your view of pet shop licence applications listing all animal categories they intend to sell, with owners under an obligation to inform the local authority before stocking any new categories?

Partially supportive

Q7. Which of the following best describes your view of mandatory inspections for all pet shops before an initial licence is granted?

Fully supportive

Q8. Which of the following best describes your view of all local authorities using a standardised approach to conducting and reporting on inspections of pet shops?

Fully supportive

Q9. Which of the following best describes your view of local authorities using a risk-based assessment and issuing longer-term licences to pet shops that demonstrate a low risk to animal welfare?

Fully supportive

Q10. Which of the following best describes your view of enabling local authorities to contract other qualified professionals (in addition to their own officers and vets) to carry out and report on pet shop inspections, including qualified officers from other local authorities?

Partially opposed

Q11. Which of the following best describes your view of enabling local authorities to take steps to address non-compliance with licence conditions, giving licensees the opportunity to make improvements before any further action is taken, with the power to revoke a licence as a last resort?

Q11. Which of the following best describes your view of enabling local authorities to take steps to address non-compliance with licence conditions, giving licensees the opportunity to make improvements before any further action is taken, with the power to revoke a licence as a last resort?

Partially supportive

Q12. Which of the following best describes your view of increasing the maximum fine for failing to comply with the legislation, in line with more recent animal welfare legislation?

Partially supportive

Q13. Which of the following best describes your view of placing an obligation on pet shop owners to provide advice to people buying pets?

Fully supportive

Please give reasons for your answer, including any advantages or disadvantages of the proposal.

This is an absolute moral requirement and should be expected of all good pet shops. However, this raises the issue of backyard breeders - it is almost impossible to guarantee the standard of their advice and care at present.

Page 21: Financial implications

Q14. Taking account of both costs and potential savings, what financial impact would you expect the proposed Bill to have on:

	Significant increase in cost	Some increase in cost	Broadly cost neutral	Some reduction in cost	Significant reduction in cost	Unsure
(a) Local authorities			X			
(b) Pet shop owners			X			
(c) Individuals (including pet owners)			X			
(d) Animal welfare organisations			X			

Q15. Are there ways in which the Bill could achieve its aim more cost-effectively (e.g. by reducing costs or increasing savings)?

Unsure

Page 23: Equalities

Q16. What overall impact is the proposed Bill likely to have on equality, taking account of the following protected characteristics (under the Equality Act 2010): race, disability, sex, gender re-assignment, age, religion and belief, sexual orientation, marriage and civil partnership, pregnancy and maternity?

Neutral (neither positive nor negative)

Page 24: Sustainability

Q17. Do you consider that the proposed Bill can be delivered sustainably i.e. without having likely future disproportionate economic, social and/or environmental impacts?

Unsure

Please explain the reasons for your response.

If the burden becomes too great or costs become expensive then business will close and that will create space for illegal and substandard backyard breeding on an even greater scale than we see now.

Q18. Do you have any other comments or suggestions on the proposal?
